

**PROVOST'S RESEARCH AWARD  
(JUNIOR FACULTY)  
The University of Oklahoma Health Sciences Center**

The Provost's Research Award was established in the late 1980's to recognize meritorious research. Two awards are given each year to full-time, regular faculty members; one each for junior (assistant professors) and senior (associate professors and full professors) faculty. The awards are given for a significant personal achievement of original research.
